WILL RESUME NEGOTIATIONS

Mayor Edward Houck of Emnitsburg announced Tuesday that own officials have decidied to reume negotiations for purchase of he Emmitsburg Water Company, but he warned that the tentative price of \$200,000 is "much too high and out of the question." Speakers at the recent meeting

of trade and civic leaders urged immediate moves toward purhase of the utility, and the oficial decision to resume negoiations came Monday night at he November meeting of the mayor and town council.

Included in other discussions at removal plan.

Mayor Houck pointed out that he possibility of adding one or two members to the town council is linked directly with the resump tion of negotiations for purchase of the water company. Acquisition of the company, along with the general growth of Emmitsburg in recent years, Mayor Houck point ed out, would be reasons enough to increase the size of the council CHANGE INVOLVES CHARTER

He emphasized: "It's nothing definite yet. We just talked about it. Such a change would, of course, involve the charter and we would need state approval. Anyway, the idea rests mainly on whether or not we get the water company.'

Proposals for the town to purchase the water company are not new in Emmitsburg, but interest in any such transaction appeared to bog down prior to Mayor Houck's administration.

Mayor Houck indicated the \$200,000 figure would have to be lowered before discussions could be launched on a serious basis, but he stressed the town's desire to reach a mutually satisfactory arrangement with officials of the

BERWICK IS STUNNED BY LNDUSTRY LOSS

BERWICK, Pa. (AP) — This small Columbia County commuity was stunned today following news its major industry—American Car & Foundry Co.—would close down its railroad car plant here by October, 1962.

The move, which the ACF said was purely for economy purposes, will leave some 1,900 persons jobless. The plant, taken over by ACF in the 1920s, manufactures railroad cars.

"You can imagine what 1,900 people think, faced with no immediate prospect of work. It's hard to describe," said Cloyd Mumper, subdistrict representative for the United Steelworkers Union.

Mumper said the company announcement, made Wednesday at a meeting in Berwick, stunned

everyone in the community.

"There was no advance word, not even a whisper," said Mum-

He said representatives of the international union and Local 8317 met with company officials for three hours Wednesday seeking some compromise.

"We didn't offer outright, but we hinted we would take a pay cut. We said we would do anything to keep the operation here," Mumper said.

COMPANY ADAMANT

The company, however, was adamant in its decision to move, hee said.

In a statement Wednesday, ACF said decreasing demand for standard mass produced freight cars and an increasing percentage of this type of production in the railroads' own shops was mainly responsible

It said operations would be shifted to plants at Milton, about 30 miles west of here, Huntingdon, W. Va., and St Louis, as soon as the current backlog of work was completed.

NO TRANSFER OFFER

Muinper said ACF made no offer to transfer employes, but guaranteed that all eligible workers would be provided for under pension plans.

Mumper said employes eligible for retirement are numerous, but more than half the total force faces unemployment. The plant usually employes 1,900, but in past weeks only 1,400 have been on the iob.

Mumper said prospects were slim of any great number being hired by the Milton plant, afflicted until now with the same economic ills.

THERE SINCE 1920\$

The Milton work force, which will take over manufacture of underframes, is usually about 700. It is down now to 200. Mumper said a plant-by-plant seniority system will give former Milton workers first crach at getting back on the job.

The company has not indicated and no one could say Wednesday night what may become of the vast ACF complex which covers thousands of acres in the center of town.

ACF has operated the plant since the 1920s when it took over from the Jackson Woodin Co., manufacturers of carriages and iron implements.

Judge Observes Police Using Radar

PITTSBURGH (AP)—An Allegheny County judge considering the legality of Pennsylvania's new radar speed law has watched state police use radar in timing auto speeds.

Judge Benjamin Lencher said Wednesday's tests on Route 22 at Neulonsburg were "very interesting and helpful" but declined further comment. State police officers made five successful demonstrations of the radar.

Atty. A. A. Bluestone challenged the law's legality in behalf of a truck driver cited for speeding. Bluestone contends a greater possibility of human error exists in reading radar devices than in other methods of timing. He also says state laws require that speeds be clocked over given distances.

Art Wall Honored By Duke Alumni

NEW YORK (AP) — The Duke University Alumni Association of New York Wednesday honored pro golfer Art Wall Jr., of Pocono Manor, Pa.

Wall, winner of the Duke distinguished achievement award for 1961, was presented a clock by the Duke alumni.

The former Masters champion turned pro after graduation from Duke in 1949.

Referring to this year's victorious Ryder Cup team of which he was a member, Wall praised Jerry Barber as the "finest captain we could have"

His steer was purchased by Meadow Valley Abattoir for

from the rigors of winter, but don't start this protection too early say rose experts. Wait until after the first

severe frost sends the roots and the canes of your rose bushes into dormancy before starting winter protection.

The aim of winter safeguards is to provide insulation against extremes of weather, alternating spells of freezing and thawing and to protect against damage by wind or heavy snow.

With the right timing in mind, the actual measures for winterizing your roses to as- amen, is not Latin but Aramaic

development have bred today's roses into unquestionably hardy plants and good quality bushes can be expected to resist even the severest of winters with proper protection. Protection is in order if temperatures in your garden dip down to the 15 degree mark or lower for prolonged periods of time

Protect your rose bushes

(2) TRIM: Cut back the canes on Hybrid Tea, Grandiflora and Floribunda plants to 18" to 24" and remove any obviously dead or diseased wood. This trimming prevents Many years of research and whipping in wind, breakage in heavy snow or loos-

> ening of the mound. (3) MOUND: Hill-up the canes with eight to ten inches of soil, using earth from between the bushes or from another area of the gar-

In unusually severe regions where the temperatures hover around zero, extra insulation can be achieved by covering the mounded bushes with a layer of evergreen boughs or straw. Avoid materials that retain moisture such as leaves, manure or grass cut-

Russian Vessels Are Near Cape Cod

CHATHAM, Mass. (AP) - A fleet of 32 Russian trawlers, with two mother ships, has been reported on a fishing bank only 21 miles off Cape Cod. Five Chatham fishermen re-

ported the Russian fleet when they returned to port Wednesday night after a day at sea.

The Russian trawlers have been seen for many months off the Cape, but this is the closest they hahve been to the mainland.

men reported seeing the Russian is less than 50 miles from Hyanni Port, where President Kennedy spent many summer weekends year

If all the world's winds should die down, starting them again would require more power than all the United States' electrical plants could generate in a hundred years.

NOTICES

Card of Thanks

Many thanks to the voters of Cumberland Township for reelecting me as constable. FRED H. SWISHER

HAVERSTOCK: We wish to express our sincere appreciation to relatives, friends and neighbors for all the kindness shown us following the death of our husband and father, Harry G. Haverstock; also for floral trib-

utes, expressions of sympathy

and services of pallbearers. THE FAMILY In Memoriam

JEFFCOAT: In memory of our dear son, Pvt. Harry J. Jeffcoat. who was killed in action in France November 4, 1944, 17 years ago. The month of November once more is here,

To us the saddest of the year. Seventeen years ago today God took our dear son away. Sadly missed by MOTHER AND DAD

hat a difference a year makes!

If anyone had told him, a short while ago, that his 1961 Cadillac could be improved on-he would have regarded them with disbelief.

"car of cars", he knows that a year of Cadillac progress has made a world of difference. In fact, the list of Cadillac advancements for

And yet, after only half an hour in the newest

1962 embraces each of the great motoring virtues.

For added beauty, there is a lower, longer silhouette . . . greater simplicity and dignity of line ... and new interior elegance and luxury.

For improved comfort, there is increased spaciousness . . . new convenience of appointments . . . and a ride that is unbelievably quiet and smooth.

For finer performance, there is greater power . ::

more responsive handling . . . and a degree of allaround road ableness that is new even to Cadillac.

For increased safety, there is a new dual braking system . . . a new three-phase rear warning light system . . . and new cornering lights that illuminate your way around turns.

And we would like to say that even Cadillac quality has been enhanced for 1962. But the truth is simply that the car continues to be built to the highest standards that can be brought to the production of an automobile.

Stop by your dealer's showroom soon, won't you? He'll be happy to demonstrate to you what a difference a year can make-when the year is this one and the car is Cadillac.

5 Nonagenarians Vote At Cashtown

Three hundred fifty-eight years of voting experience was put to use when five nonagenarians voted baugh's Insurance, 1. Tuesday afternoon at the Franklin Twp. polling place in the Cashtown Fire House. Oldest of the group was Charles W. Johnson, 96, former associate judge of Adams County and a merchant and assistant postmaster at McKnightstown for many years, now a guest at the Brethren home. The five, 529 and 1513. shown shortly after they had voted, are, left to right, Judge Johnson; Mrs. Laura Weikert, 92, mother of Gen. John Weikert and widow of William Weikert, who continues to do her own housework and raked leaves from her lawn before going to the polls; Frank J. Hartman, 90, who was born and lived all of his life except one year in Franklin Twp. spending that year in Franklin County (a resident of Cashtown, he was a farmer, a star route mail carrier and from 1933 to 1952 was engaged in the chicken business. He has missed voting in one general election in his life, due to illness, and served two terms as a school director, being on the board when the Franklin Twp. Consolidated School was built); Mrs. Mary C. Shultz, Buchanan Valley, housewife, who was 93 on October 27, and Robert H. Shull, 92, Cashtown, who was a farmer and fruitgrower all his life. Two other nonagenarians who usually vote at Cashtown were unable to visit the engine house Tuesday. Residing at the Piney Mountain Home, they are Mrs. Annie F. Gillispie, 96, and Ulysses G. Fletcher, 90. (Times photo)

First Showing IMPERIAL OF 1962

A forthright challenge to everyone who plans to buy a luxury car this year

In a few days, you will receive a personal invitation to drive a 1962 Imperial. Not the usual vague "see your dealer" . . . but a specific challenge to compare your own car with the best Imperial we've ever built.

At your convenience, a dealer in your area will deliver a 1962 Imperial to you . . . for a thorough comparison-tour that you conduct by yourself. We believe anyone planning to invest from five to seven thousand dollars

in an automobile is entitled to the unembroidered facts right from the car itself. Naturally, our dealers explain the advantages of torsion-bar suspension . . . tell you how the alternator supplies current even while the engine idles . . . quote engineering data on the superior performance of our new transmission

... and answer any other question you ask about Imperial. But you can find out only so much about Imperial by mere listening. To give the facts substance and meaning you must drive and compare.

So, when our invitation arrives, take us up on it. It obligates you not at all. And whether you eventually buy an Imperial or not, you'll never forget that once you drove a car which handled and accelerated and thrilled as a great car is supposed to.

R.S.V.P. Even though our invitation may somehow miss you, an Imperial comparison-tour may easily be arranged by writing on your letterhead to: General Manager, Imperial Division, 12200 East Jefferson, Detroit, Michigan.
